PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
WARNING
May be fatal if inhaled. Harmful if swallowed. Avoid breathing vapors or dust. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.
ENVIRONMENTAL HAZARDS
This pesticide is toxic to fish. Do not apply directly to water.

DIRECTIONS FOR USE
It is a violation of federal law to use this product in a manner inconsistent with its labeling.
FOR CONTROL OF RABBITS AROUND ORNAMENTAL PLANTS. Use restrictions: To reduce the frequency of visits by rabbits to ornamental plants. For outdoor use only.
Application Directions: At first sign of growth of roses, spring bulbs, flowers or other plants to be protected, apply one or more inch-wide bands of product around the plants. Do not apply product directly to foliage or stems. Hot weather and wind will necessitate more frequent applications.
FOR CONTROL OF TREE SQUIRRELS, BATS, STARLINGS, PIGEONS, AND HOUSE SPARROWS IN ATTICS AND WALL VOIDS.
Use Restrictions: To repel tree squirrels, bats, starlings, pigeons, and house sparrows from attics and wall voids. For indoor use only. Do not apply the product directly in the attic or wall void.
Pre-Application Directions: Calculate the total number of cubic feet to be treated. Divide by 400 cu. ft. to determine the number of pounds of product needed.
Application Directions: Apply the product at the rate of 1 pound per 400 cu. ft. Place smaller amounts (2 to 4 ounces) in a mesh bag, cheese cloth, party hose or small, opened topped cardboard container so that product can be easily removed if odor becomes too strong. Animals will depart from treated areas shortly.
Post-Application Directions: Close all openings through which animals gain access to attic and wall voids (such as small crevices, around eaves, rafters, and around dormers) with strips of wood, metal or steel wool.
NOTICE: Buyer assumes all risks of use, storage, and handling of this material not in strict accordance with label directions.

FIRST AID
STORAGE AND DISPOSAL
STORAGE: Store only in original container, in a cool, dry place, inaccessible to children and pets.
DISPOSAL: Do not reuse empty container. Securely wrap in newspaper and discard container in trash.
IF INHALED: Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention.
IF SWALLOWED: Call a physician or Poison Control Center. Drink one or two glasses of water and induce vomiting by rubbing back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.
IF IN EYES: Flush with plenty of water. Call a physician if irritation persists.
IF ON SKIN: Wash with plenty of soap and water. Call a physician if irritation persists.
NOTE TO PHYSICIAN: If breathing is difficult, give oxygen.
